ORIOLE

Thelma Bryson

Mrs. Bryson,

To express what I feel toward you is just a little beyond this pen. For some reason it just won't write what I want to say. For the past eleven weeks you have been my friend, teacher, and my guiding light through the trying days of student teaching. I cannot say how much it has meant to me, having you for a supervising teacher. You have set me straight on several occasions and opened my eyes to situations that I did not even know existed.

You and I both know the purpose of the Monday night outing (May 15, 61) and who knows what may come from it. Which ever way it goes I'm sure it will be for the best.

The last part of this page will be devoted to wishing you a happy and prosperous future. We both know that as a teacher it won't be prosperous from the economic side, but from the inside on can prosper by seeing young people make good. This is the kind of prosperity I wish for you, because in this a teacher can find the greatest rewards.

Mrs. Bryson, student teaching has been a wonderful experience for me, and I would like to say now that I'll never forget it nor you.

A friend forever and always,
Howard Knowlton

ALMA MATER

Class of 1943 ALMA MATER Cornell School Song

1. Far up in the Blue Ridge Mountains With its skies so blue,
Stands our dear old Alma Mater—Proudly to the view—
Ros-man, Ros-man, our dear high school, —Orange and the Black,—
May we al-ways hon-or thee —Al-ma Mat-er dear.—

The musical score consists of four systems, each with a vocal line and a piano accompaniment. The key signature is one sharp (F#) and the time signature is 4/4. The first system includes the lyrics for the first line of the song. The second system includes the lyrics for the second line. The third system includes the lyrics for the third line. The fourth system includes the lyrics for the fourth line. The piano accompaniment features a steady bass line and chords that support the melody.

2. High school days are swiftly gliding, Soon we'll leave these halls,
Friend from friend will then be parting, Answering duty's calls.
3. Tho' we all may wander far, To her we'll be true,
We will ever live to love her, Faithful friends we'll prove.

Mrs. Bryson, (better known as "Luz")
I'd like to wish to you and yours the best
that life has to offer. I'll always remember you
as a real swell friend as well as a teacher. I
hope I didn't bother you too awful much on
your Washington trip. (Ha) Be real good and always
walk a straight line -

Mrs. Bryson,
It truly has been a pleasure
to write in your annual this year. I really
have enjoyed having you for a
teacher. There has never been a
more understanding and friendlier
teacher than you. I think that is
why most of us come to you with
our problems. May the best of every-
thing be yours and God bless you
always.

Peggy

Mrs. Bryson,

It has really been a
pleasure being in your
class this year. I think
~~you~~ you, not only, as a
real good teacher, but
also as a real wonderful
person and friend.

May the best of everything
in life come your way.

Great of everything to a real swell person, although
she felt like really "tearing you up" at times. When
nearly had some disagreements but maybe we
can make amends before school's out. Through
all these "trying times" of this kind you
though I didn't show it. May happiness always
be yours to possess. Yours the greatest!
Love,
Gracie H.

Mrs. Bryson,

I just don't believe there are words to describe a wonderful person such as you. You have been both friend and teacher to me for the past three years, and I greatly appreciate all of the things you have done for me. After graduation I shall keep you informed of the latest happenings around Camp Lejeune.

Here's wishing a wonderful person the very best life has to offer. May God bless you and your sweet family always.

Love you.

Mrs. Bryson,

I have enjoyed having you for my history teacher this year, and I look forward having you next year. You are not only a good teacher but a real pal to everyone who needs advice. I hope you will live to be one-hundred and one years old and that everyday you will see your second period, third year history class. Especially Ronny, Larry and Gary. I hope that you will remember how we amused ourselves at your expense.

I hope you do ask for a student teacher next year. But you'll never find one like Howard Arrowood. No matter what we said about him, we loved him as dearly as we do you. I hope he gets to come back to graduation. I would like to see his smiling face once more.

I am sorry that you didn't get to come to our Junior & Senior Banquet. We had a real ball. We missed you though. I hope you won't get sick again this summer.

I plan to come and see you before school starts again. I bring my future husband down and introduce him to you. Best of luck in the future to a real fine teacher and person.

Love always

Mrs. Bryson,

It's been a great pleasure know you these last 3 years and having you for Study & work 3 years straight. You are a wonderful teacher and the best I think. Even though we did have our squabbles and arguments you are still the best friend and teacher a person could have. I hope that next year I have you for something and probably will Study too. Well this is all I can write but if I wrote forever I'd never be able to express how much you mean to be. Best luck always in your teaching.

Love always,
Catherine

Mrs. Bryson,

I thank you for all the help you have given me during my school years, especially the way you let me give my book reports. Have caused you a lot of trouble but it wouldn't be me if I didn't.

Hope you have many more happy memories like the ones you have given to us. We love y'all.

Everybody's friend.

May the Best of Everything come your way, and May God Bless you and your Family Always. Mrs. Bryson you have seemed like a "second mama" to me for all these years. After I leave "Old Rosman High", Come to see us.

I could tell you that you was the best teacher I ever had. but no I should not tell a lie now. We've had our ups and downs in class but that doesn't matter now for ^{I hope} I will soon be leaving these halls. I know you will be glade to get us out of the way. Mrs Bryson don't forget the grand trip to Wash D.C. Remember the times you ran to the bathroom to keep the negroes out of the bathroom. But remember ~~the~~ many times your mail used your bathroom. That will ~~be~~ be no thing the souther people will have to accept. Mrs Bryson I know when the walls of R.H.S fall you will be teaching history
